Component's Lead DoD ESI SPM

DoD ESI Working Group

DoD ESI is a joint project originally established to implement a software management process for the DoD enterprise. The DoD ESI Working Group coordinates planning and implementation for enterprise agreements. It is comprised of members from DoD Components and co-chaired by a DoD CIO representative and a Military Service representative.

DoD Information Technology Asset Management (ITAM)
Joint Integrated Product Team (IPT)

Optimizing acquisition and utilization of IT assets through ITAM is a core objective of DoD ESI. The DoD ITAM effort is organized under DoD ESI, and is coordinated through the DoD ITAM Joint IPT to establish an enterprise process. After a temporary break, the team will re-form later this year.
